

A Report on Industrial Visit at “SUGAR FACTORY”, Bardoli

With an initiative to improve the analytical & technical skills of future engineers of S. N. Patel Institute of Technology & Research Centre, Umrakh, Mechanical Engineering Department have organized a one day visit on 08/09/2018 for the students of 3rd semester. Total 140 students had visited the company under the guidance of Prof. Hiten Mistry, Prof. Misal Gandhi, Prof. Chirag Chaudhari & Mr. Jignesh Soni.

We are thankful to Mr. Pankaj Patel who is a Managing Director of Shree Khedut Sahakari Khand Udyog Mandli Ltd. Baben, Bardoli for giving information about various policies regarding Sugar Manufacturing Industries. The Technical session was conducted by Mr. Philip Mistry in which students were explained about various processes involved during the manufacturing of sugar.

Also students had visited the mechanical workshop which deals with manufacturing, repairing and maintenance work.
